VISION

Imparting quality education and skills to students to make them exemplary future business leaders. Involve in quality research and consultancy of global standards to industry and community in order to bring social transformation.

MISSION

Providing infrastructure, inducing discipline and dedication in students to face global challenges. Developing and utilizing the expertise of the faculty to undertake research and consultancy of global standards.

BEST PRACTICES AT BETGBS

BETGBS has, since inception, adopted some of the best practices that set it apart from other B-school even today. These practices ensure that we train our students to meet professional standards, enables us to shape every student's career, maintain transparency and make a difference in a student's life.
